**DEAR VOLODYMYR OLEKSANDROVYCH!**

Novi Petrivtsi village (Vyshgorod rayon, Kyiv Oblast) is located near the capital of Ukraine and has its specific problems. The majority of citizens of this village work in Kyiv. It is especially important to provide social services for families, children and youth in Novi Petrivtsi. On the 01<sup>st</sup> of June, 2006, during the IIIrd session, people's deputies unanimously approved at the Vth meeting of Novopetrivska village council decision to establish Novopetrivsky Center of Social Services for Children, Family and Youth in order to satisfy the need in providing social services for children, families and youth of different categories, who found themselves in difficulties.

Since costs are not allocated to finance the Center, we ask you to consider the possibility to finance salaries of social workers. Novopetrivska village council undertakes to finance salaries of social workers in Village Center after termination of the Agreement, as well as to introduce this position in the staff schedule of Novopetrivsky Village Center of Social Services for Children, Family and Youth.

Hereinafter we guarantee to ensure effective work of the Center, to solve all the leisure, cultural needs in social sphere of the village.

Thank you for your understanding.  
Hoping for your support,

Sincerely,  
Head of Village  
Council
